01.00 CHAPTER 1: MAGIC ITEMS

IMAC2: Seamantha - Eian Trost

This chapter contains a collection of magic items designed to fit right into a campaign where exploration, kingdom building, and contact with Fey are strong themes. You'll find items that will suit everyone from adventurers delving into the wild unknown to established rulers commanding armies in a cutthroat war. Whether you need clever items for lively banquets to use in their unsuccessful quest to defeat the FGL, a battle standard to summon an army of fallen warriors, the personal treasury of an insane Fey queen, or even a way to make a city fly, this book contains the items you need to make your campaign memorable. Some items may be in the hands of the PC's foes, such as crafty kobolds, scheming hags, or even an ancient lich. Others may have been left behind by individuals who fell victim long ago to unknown dangers.

The items are listed by alphabetically and then by rarity in the table below, and their descriptions are broken up by item type. Thereafter, items marked with an asterisk (*) require attunement.

War God's Greatsword

Type: Weapon
Subtype: Greatsword
Rarity: Very Rare (Requires Attunement)
Cost: 1,001 - 50,000 gp
Weight: 5
Damage: 2d6 slashing
Properties: Magic, heavy, two handed

IMAC2: War God's Greatsword

A war god's greatsword is an adamantine greatsword that gains additional power as its wielder defeats worthy foes. Whenever you kill a foe with a CR at least 1 higher than your character level, the sword gains one charge. The sword can hold up to 5 charges. You can unleash any number of charges as an action to frighten all enemies within a 30-foot radius. Those that fail a DC 15 Wisdom saving throw are frightened for 1d4 rounds; those that succeed are frightened for only 1 round instead. For each additional charge the wielder expends, the save DC is increased by 1 and the duration of the frightened effect on a failed save is increased by 1.

Quickstep Boots

Type: Wondrous Item
Rarity: Rare (Requires Attunement)
Cost: 501 - 1,000 gp
Weight: 0.5

IMAC2: Quickstep boots - Dio Mahesa

These shimmering gray boots channel the nature of quicklings to grant their wearer additional speed. You gain an increase of 10 feet to their walking speed. You can also dash as a bonus action once, gaining the effect of blur until the end of your next turn. You can't use this item power again until the next dawn.

Blur

Fractured Phylactery

Type: Wondrous Item
Rarity: Artifact (Requires Attunement)
Cost: 10,001 - 100,000 gp
Weight: 1

IMAC2: Necromantic box CMYK - Beatrice

When a lich descends into torpor, progressing from a full lich to an atrophied lich to a demilich, its phylactery slowly falls apart over time. Occasionally, the phylactery of an atrophied lich remains even after its master is destroyed. Such phylacteries become artifacts, powered by the renewed tenacity of their masters to cling to existence, and grant some aspects of a lich's power to a new master.

While attuned to the phylactery, you react to healing energy as if you were undead. Additionally, you gain resistance to cold, lightning, and necrotic damage, as well as immunity to poison damage. If you are undead, you gain Turn Resistance. Additionally, the DC to resist your necromancy spells is 1 higher than normal.

Your touch slows the movements of your enemies. If you succeed at an unarmed melee attack with a free hand, you can affect a target as per the slow spell (DC 14) instead of dealing damage. You can use this ability

Great tower defense game, top shelf. I was going to play one or two missions and ended up playing for 6 hours. Very engaging, fun and challenging. 9/10 for me.. Welcome to the developers good taste in anime and video games.. Not that Great Z
4/10

. This is game that revolucionised racing SIMULATORS

Awsome game,one of the best sims out there,awsome physics,moddable but THERE IS A PROBLEM with game record, for me it says 0.3 hours and it should be around 100,game is very cheap because it is from 2006th year (10 years ago) and it is still capet alive by mooding comunity.

I have a few mods (f1 2014,zonda cup,f1 1966)

THE GAME IS OUTSTANDING, I sugest buying it right now. 100/10 (houndrid out of ten).

Meet george who's going to die of cancer.

Now play as George who plays video games, waiting for death.

Yes that's the scenario!

Endure a 20 minute intro and when, bored out of your mind, you miss a message and have to redo the intro again from the start, you close the game and post that review.. It is a really fun game. I reccomend it although there are some downsides. If you have friends, unlike me, then this game is for you. It has a really creative and cool local mode. If you are by yourself it is a little boring. The only campaign is shooting targets. Since this game is new, there is nobody else playing online. If you have friends, get this game!!. Waiting for the collection cards.... It worked for a while on my machine, (Linux Mint 17.3) then certain items on the menu and enemies in the game were not visible, making one level very difficult and another impossible (hard to dodge enemies you can't see).

Also, the controls are backwards (left to go counterclockwise, right to go clockwise) from what I am used to (e.g. Atari games where you can turn and thrust with the joystick), with no apparent option to change it. Drives me nuts.

Otherwise, I'd give it an enthusiastic +1.. I told a kid Lil Pump is a gas station in USA and he actually believed me.

This experience is sooo good! I couldn't get through it yet. I quit after about 15-20 minutes and I'm a grown man lol. Very good transitions between scares with just enough breathing room to keep the tension going. The only negative would be the scale is a little off, but the direction, models, animation, and atmosphere make up for it. For two dollars it's a steal. Horrifying and I love it!! 4/5. Been playing Lif for years. Made huge amount of friends.. You can only join private rooms and you need to know the room name and password.

-You can make your own room and play alone (but no option for bots so basically useless).

-Game feels very laggy and stuttery.. too laggy for any serious 360 no scoping .. it felt like i was trying to do a 360 in minecraft.

Shame because the graphics looked quite nice and the idea sounded fun. If there had been at least an option for bots i might have kept it.. A cute little story about Breakfast and Ghosts.. "Ouja no Kodou, Ima koko ni Retsu wo nasu. Tenchi Meidou no Chikara wo Mirugaii! Shinkuro Shoukan! Waga Tamashii, Reddo Deemonzu Doragon!". Wow... I really enjoyed playing to this game. Great atmosphere, dark story with a lot of humour, music, ambience, characters, places,... all is perfect.

Maybe a little negative point to the difficulty... some puzzles are to easy and... 'Dannazione', Jack told you were you maybe have to go for the next step. Ok, I follow his intuition... ;)

Hoping that 'Face Noir 2' will be realeased soon.... very fun if you like strategy, ww2 or,navel games i give it a 9/10. The Best game ever!. Very helpfull!!!
